# **Two Thirds of the Average Game with Python Documentation**

*Release 0.1*

**Vince Knight**

July 24, 2015

<b>1</b>	<b>Indices and tables</b>	<b>3</b>
----------	---------------------------	----------

This library was written to accompany a paper recently accepted for the [connections journal](#).

It allows for the quick analysis of in class plays of the two thirds of the average game.

A demo is available [here](#).

This is being actively developed.

To install the package simply run:

```
$ pip install twothirds
```

---

## Indices and tables

---

- `genindex`
- `modindex`
- `search`
